Re: Associate Veterinarian Position

Dear Hiring Manager:

Please accept this letter and accompanying résumé as my sincere interest in your Associate Veterinarian position. I have four and a half years of experience treating the diverse healthcare needs of small and large animals and am currently seeking to relocate to join a collaborative, rural mixed-animal practice offering the opportunity for me to return to caring for patients both in the clinic and in the field. Since I am committed to continuously growing and developing as an individual and as a veterinarian, I am looking to support a strong mentor within a team environment that values its professionals as much as it values its clients.

I truly enjoy serving farmers and their large-animal populations in rural areas, which is why I have continued to work independently on the 280-acre Bush Hill Farm for the past two years while simultaneously working full-time at a local small-animal clinic. Whether seeing patients in-house or on the farm, I pride myself at taking the time to listen to the clients' needs so that I can make the best treatment recommendations based on their concerns and resources. This compassionate approach to treatment has helped both the small and mixed-animal practices I have worked within grow a loyal base of clients that specifically request my services time and time again.

My enclosed résumé contains additional information on my experience and skills. I would appreciate the opportunity to speak to you to discuss my qualifications and to answer any questions you may have. I will follow up with you early next week to answer any preliminary questions you may have.

Your time and consideration are most appreciated.

Sincerely,

Dr. Denise Lenci
